EXPERIENCE

Senior Software Engineer (Front End)

QuSecure

📍 Remote, USA

📅 02/2024 - 07/2024

- Collaborated on the design and implementation of the user interface of the award winning QuProtect Software.
- Implemented React components using Tailwind CSS framework.
- Conducted code reviews, designed User Personae and ensured the user experience met the highest standards of excellence.

Sr. Front End Developer (Project Consultant)

AIM Consulting Group

📍 Remote, USA

📅 04/2023 - 08/2023

- Applied Material Design principles to create an intuitive user experience and a cohesive visual language across an Angular based User Management application.
- Leveraged AG Grid's advanced features, such as infinite scrolling, column pinning, and row grouping, to enhance data presentation.
- Integrated backend REST APIs to fetch, display, and manipulate data.

Studio Senior Engineer

Deloitte Digital

📍 New York, NY

📅 09/2021 - 01/2023

- Established style guide and coding best practices in the development of an informational React.js website for the CDC.
- Conducted regular Standup meetings to ensure effective communication and collaboration within the team.
- Worked on building a custom Vue.js component for use with an AI chatbot and delivered an internal-facing Angular web application as part of a team.

Vice President, Institutional Securities Technology

Morgan Stanley

📍 New York, NY

📅 03/2021 - 09/2021

- Worked on the UI of the internal-facing financial planning workbench application, focusing on improving the overall User Experience.
- Streamlined existing layouts and updated the framework and tools on the Angular front-end.

Senior UX Developer

Fashionphile

📍 Lehi, UT

📅 12/2018 - 03/2021

- Retooled CSS and JavaScript build processes to better integrate with new AWS CI/CD pipeline.
- Prototyped a new web application using Vue.js for Neiman Marcus stores to access the Fashionphile inventory system and led the development of the finished product.
- Refreshed the Customer Signup/Login flow to improve customer experience and security.
- Guided the creation and implementation of a React component library using Next.js based on updated Style Guides.
- Mentored new Front-end Developers and helped establish coding standards and document best practices.

Web & UI Developer

Software Technology Group

📍 Salt Lake City, UT

📅 10/2017 - 12/2018

- Completed projects for multiple clients including MRM/McCann, Cisco, Panasonic, Verizon, Fitbit, 7Tunnels, and Connect FSS.
- Worked on various web UI applications, product and promotional landing pages, as well as database-driven MVC applications.

Freelance Web & UI Developer

Freelance Contractor

📍 Salt Lake City, UT

📅 10/2016 - 10/2017

- Worked on multiple short-term projects for different companies, including website rebuild/redesign, new web application design, Shopify theme customizations, and implementing new features and fixes for both internal and public-facing web applications.

Senior App Developer

Maverik Inc.

📍 Salt Lake City, UT

📅 02/2016 - 09/2016

- Created and maintained several Maverik company websites and applications, including a complete rebuild of an internal Maverik Real Estate Management app, updates to the Maverik Rewards Manager app, and changes to Triton (the internal store management site).

Front-End Web Developer

ZAGG Inc.

📍 Salt Lake City, UT

📅 09/2012 - 10/2015

- Worked on numerous projects, including multiple product launches, moving the site to a responsive web design, and a migration to the Magento e-commerce platform.

Front-End Web Developer

Overstock.com

📍 Salt Lake City, UT

📅 09/2010 - 02/2012

- Worked on a multitude of holiday, sale, and promotional web pages.
- Designed web banners and promo images.
- Maintained layout of the site's continuously evolving content.

EDUCATION

Neumont College of Computer Science

Bachelor of Science (BS), Computer Science (unfinished) 2007 - 2009
