EXPERIENCE

Founder & Lead Developer

DL WebWorx LLC 📍 Remote, USA 📅 08/2024 - Present

- Own frontend and UI architecture for client projects end to end, from discovery and technical direction through implementation and delivery.
- Design and build scalable, accessible web applications using React, Angular, and Vue, with an emphasis on performance, maintainability, and long-term clarity.
- Partner directly with clients and stakeholders to translate business goals into thoughtful UX decisions and high-quality UI execution.

Senior Software Engineer (Front End)

QuSecure 📍 Remote, USA 📅 02/2024 - 07/2024

- Built and refined UI components for an award-winning cybersecurity platform using React and Tailwind CSS, improving responsiveness and visual consistency.
- Collaborated with design and product to uphold high standards for maintainability, accessibility, and user experience.
- Led frontend code reviews to ensure quality, consistency, and long-term sustainability.

Sr. Front End Developer (Project Consultant)

AIM Consulting Group 📍 Remote, USA 📅 04/2023 - 08/2023

- Designed and implemented complex data presentation features like infinite scrolling and row grouping using AG Grid, enhancing user interaction.
- Streamlined API integrations for a user management application, improving data flow and frontend reliability.
- Collaborated with the design team to apply Material Design principles, creating a cohesive and intuitive user experience.

Studio Senior Engineer

Deloitte Digital 📍 New York, NY 📅 09/2021 - 01/2023

- Served as lead frontend engineer on a high-visibility CDC project, establishing a shared style guide and frontend standards to ensure consistency and accessibility.
 - Set technical direction and best practices for a React-based informational platform, balancing delivery speed with quality and correctness.
 - Led daily standups and collaborated closely with cross-functional teams to keep work aligned and unblocked.
 - Built custom Vue components for an AI-driven chatbot interface and contributed to an internal Angular application.
-

Vice President, Institutional Securities Technology

Morgan Stanley 📍 *New York, NY* 📅 *03/2021 - 09/2021*

- Enhanced the user interface of a financial planning workbench application, focusing on usability improvements and streamlining user workflows.
 - Collaborated with cross-functional teams to modernize the Angular framework, ensuring alignment with current industry standards.
-

Senior UX Developer

Fashionphile 📍 *Lehi, UT* 📅 *12/2018 - 03/2021*

- Drove the creation of a Vue.js-based web application for Neiman Marcus, facilitating seamless inventory access for store associates and enhancing operational efficiency.
 - Revamped CSS and JavaScript build processes, optimizing integration with AWS CI/CD pipelines and improving deployment workflows.
 - Refreshed Customer Signup/Login flow to help improve customer experience and security.
 - Guided the creation and implementation of a React component library using Next.js based on updated Style Guides.
 - Mentored junior developers, fostering a culture of continuous learning and adherence to best practices in coding standards.
-

Web & UI Developer

Software Technology Group 📍 *Salt Lake City, UT* 📅 *10/2017 - 12/2018*

- Delivered web solutions for high-profile clients, including MRM/McCann and Cisco, ensuring alignment with client specifications and industry best practices.
 - Designed and implemented engaging web UI applications and promotional landing pages, contributing to enhanced brand visibility and user engagement.
-

Freelance Web & UI Developer

Freelance Contractor 📍 *Salt Lake City, UT* 📅 *10/2015 - 10/2017*

- Managed multiple short-term projects, including website redesigns and new application designs, tailoring solutions to client needs and enhancing user experiences.
 - Implemented new features and fixes for various web applications, ensuring high-quality deliverables and client satisfaction.
-

Front-End Web Developer

ZAGG Inc. 📍 *Salt Lake City, UT* 📅 *09/2012 - 10/2015*

- Played a key role in multiple product launches, contributing to the migration to responsive web design and enhancing user accessibility.
 - Worked collaboratively on the migration to the Magento e-commerce platform, ensuring a seamless transition and improved user experience.
 - Developed promotional web pages and designed engaging web banners, boosting brand presence during key marketing campaigns.
-

EDUCATION

Neumont College of Computer Science

Bachelor of Science (BS), Computer Science
